

Microsensor Analysis in the Environmental Sciences

International research-training course, May 31 - June 9, 2016
Marine Biological Station Rønbjerg, Denmark

OBJECTIVE: The course will introduce the participants to state-of-art microenvironmental analysis and to the application of electrochemical and optical microsensor techniques in the environmental sciences. The participants will get a broad overview of techniques and applications during 2-3 days of intensive lecturing by the organizers and invited lecturers, followed up by practical laboratory exercises and demonstrations of microsensor construction, test and calibration. The participants conduct an experimental project over 4-5 days under expert supervision. The course is evaluated via participant presentations and discussion of project results on the last full day of the course. The participants will also be asked to present their own research via short presentations during the course. More information is available at: www.mbl.ku.dk/mkuhl/microsensor2016/index.html (see also last course: www.mbl.ku.dk/mkuhl/microsensor2014/index.html)

CREDITS: 5 ECTS

COSTS: The course fee is 750 EURO covering accommodation and full catering during the course. Participants must cover their own travel expenses to/from the course.

TARGET GROUP AND APPLICATION: 18 PhD students and/or young scientists from the environmental sciences. Applications should contain a brief CV and a short description of research interests and motivation for applying for the course. In case of >18 applicants, the organizers will select the course participants.

DEADLINES: Course applications should be forwarded to Michael Kühl before **April 25 2016**. All applicants will be informed about their course participation around **May 1 2016**. Teaching material will be forwarded to the participants 2-3 weeks before the course.

ORGANIZERS:

Prof. Michael Kühl, Marine Biological Section,
Department of Biology, University of Copenhagen,
Strandpromenaden 5, DK-3000 Helsingør.
Phone: +45 4047 6304. Fax: +45 3532-1951
E-mail: mkuhl@bio.ku.dk

Prof. Niels Peter Revsbech, Microbiology Section,
Dept. of Bioscience, Aarhus University,
Ny Munkegade Building 1540, DK-8000 Aarhus C.
Phone: +45 8942-3230. Fax: +45 8942-2722
